

CABERNET SAUVIGNON 2017

Dry Creek Valley – Sonoma County

The good news is that there are no stoplights in Dry Creek Valley. About 16 miles long and only 2 miles wide, this viticultural gem is located just outside of Healsburg. The northern portion of the valley defined by the 1982 insert of the Warm Springs Dam.

The grapes come from a vineyard, called Wolcott, on the East bench lands of the Dry Creek Valley. We added 15% of Merlot, Griffen, from the Dry Creek Valley floor. So this wine is 100% from vineyards in the Dry Creek Valley AVA.

This wonderful smooth and luscious wine charms with notes of cedar, chocolate, and coffee. Dark fruit flavors towards blackberry and black cherry. Ready to wow with chocolate, coffee, and dark fruit flavors to enjoy with a really, really good steak!

AVA: Dry Creek Valley

BLEND: 85% Cabernet Sauvignon, 15% Merlot

TECHNICAL: Alcohol 14.5%. pH 3.67; Titratable Acids 0.59

LITTLE WINERY. BIG HART.
